  - Dates are Subject to Change

\*Ontario's response to the COVID-19 pandemic continues to evolve. Changes will likely occur as the province and its municipalities adjust to new data about the virus. In these circumstances, please be advised that the manner of delivery of courses, co-curricular opportunities, programs, and services is subject to change, in accordance with university policies. The University thanks its students, faculty, and staff for their flexibility during these challenging times as we work together to maintain the standards of excellence that are the hallmark of the University.

**Department of Physical Therapy, University of Toronto Clinical Internship Descriptions**  
**OIEPB Clinical Internship 1: Musculoskeletal, Cardiorespiratory or Neurological PT Practice**  
**January 6 – February 14, 2025 (6 weeks)**

The goals of this first clinical internship are to provide internationally educated physical therapists enrolled in the Ontario Internationally Educated Physical Therapy Bridging (OIEPB) program with opportunities to integrate theory into Canadian PT practice. In addition to their international PT training, learners will have completed the following Bridging courses: Physiotherapy Practice within the Canadian Health Care Context and Consolidating Physiotherapy Fundamentals in Canada. A comprehensive description of the program can be found at <https://oiepb.utoronto.ca/>. We require 6 **internships** for this session.

**OIEPB Clinical Internship 2: Musculoskeletal, Cardiorespiratory or Neurological PT Practice**  
**April 14 – May 23, 2025 (6 weeks)**

The goals of this final clinical internship are to provide internationally educated physical therapists enrolled in the Ontario Internationally Educated Physical Therapy Bridging (OIEPB) program with opportunities to further integrate theory into Canadian PT practice. In addition to their international PT training, learners will have completed the following Bridging courses: Physiotherapy Practice within the Canadian Health Care Context, Consolidating Physiotherapy Fundamentals in Canada, Clinical Internship 1, and Integrating Physiotherapy Practice in Canada. A comprehensive description of the program can be found at <https://oiepb.utoronto.ca/>. We require 6 **internships** for this session.

**Internship 4: April 7 – May 16, 2025 (Class of 2025; 6 weeks)**

This will be the students' fourth internship in the program. Up to this point, the students will have completed 3 internships (18 weeks) and courses on Critical Foundations in Physical Therapy (4 weeks); Physical Therapy Practice 1 (12 weeks; musculoskeletal system focus); Physical Therapy Practice 2 (9 weeks, cardiorespiratory system focus); Physical Therapy Practice 3 (11 weeks, neurological system focus); Advanced Clinical Thinking (6 weeks; with a complex multi-system focus); Scholarly Practice 1 (3 weeks, research focus); Physical Therapy Practice IV (12 weeks, advanced MSK). Internship offers for this session can be in any practice area. We require **110 internships** for this session.

**Internship 5: July 21 – August 29, 2025 (Class of 2025; 6 weeks)**

This will be the students' fifth and final internship in the program. Up to this point, the students will have 4 internships (24 weeks) and completed courses on Critical Foundations in Physical Therapy (4 weeks); Physical Therapy Practice 1 (12 weeks; musculoskeletal system focus); Physical Therapy Practice 2 (9 weeks, cardiorespiratory system focus); Physical Therapy Practice 3 (11 weeks, neurological system focus); Advanced Clinical Thinking (5 weeks; with a complex multi-system focus); Scholarly Practice 1 and II (3 weeks + 6 weeks, research focus); Physical Therapy Practice IV (12 weeks, advanced MSK); and Selective (3 weeks). Internship offers for this session can be in any practice area. We require **110 internships** for this session.

**Internship 1: June 2 – July 11, 2025 (Class of 2026; 6 weeks)**

This will be the students' first full-time internship in the program (though they will have experienced 18 Active Clinical Exposure (ACE) half-days). Up to this point, the students will have completed courses on Critical Foundations in Physical Therapy (4 weeks); Physical Therapy Practice 1 (12 weeks; musculoskeletal system focus); Physical Therapy Practice 2 (9 weeks, cardiorespiratory system focus), and Physical Therapy Practice 3 (11 weeks, neurological system focus). Internship offers for this session can be in any practice area. We require **150 internships** in this session.

**Internship 2 and 3 (Class of 2026; @ 6 weeks)**

**September 29 – November 7, 2025 and November 10 – December 19, 2025**

These will be the students' second and third internships in the program. Up to this point, students will have completed the following courses: Critical Foundations in Physical Therapy (4 weeks); Physical Therapy Practice 1 (12 weeks; musculoskeletal system focus); Physical Therapy Practice 2 (9 weeks, cardiorespiratory system focus); Physical Therapy Practice 3 (11 weeks, neurological system focus); Advanced Clinical Thinking (5 weeks; with a complex multi-system focus); and Scholarly Practice 1 (3 weeks, research focus). Internship offers for these sessions can be in any practice area including leadership, administration or research opportunities. We require **150 internships** for each of these sessions.
